Jianhui Yan

3177699Y@student.gla.ac.uk +44 07741518194

Room G162, Computing Science, 13 Lilybank Gardens, Glasgow G12 8QQ

EDUCATION

Ph.D., Human Computer Interaction 01/2026 – Present
School of Computing science, University of Glasgow Glasgow, Scotland
Research advisor: Dr. Florian Weidner

M.S., Electronic Information Engineering 09/2022 – 06/2025
School of Electronic and Information Engineering, South China University of Technology Guangzhou, China
Research advisor: Prof. Lin Shu

B.S., Information Engineering 09/2018 – 06/2022
School of Electronic and Information Engineering, South China University of Technology Guangzhou, China
GPA: 3.71/4.0

RESEARCH INTERESTS

Human Computer Interaction, Everyday Objects Interaction, Virtual/Augmented Reality, Machine Learning

PUBLICATION

EMS Hand Prop: Leveraging the Loss of Sense of Agency Caused by Electrical Muscle Stimulation to Enhance the Immersion of Hand-as-prop Interactions
International Journal of Human-Computer Studies (IJHCS)
Jianhui Yan, Jiesi Zhang, Haoqiang Hua, Wenxuan Wu, Hongnan Lin, Qiwei Xiong, Jianxiu Jin, Lin Shu.

HapticPipette: Seamless Capture of Object Compliance in Mixed Reality
The Augmented Humans (AHs) International Conference 2026
Arata Jingu, **Jianhui Yan**, Maja Fehlberg, Roland Bennewitz, Jürgen Steimle.

VirCHEW Reality: On-Face Kinesthetic Feedback for Enhancing Food-Intake Experience in Virtual Reality
SIGGRAPH 2025
Qingqin Liu, Ziqi Fang, Jiayi Wu, Shaoyu Cai, **Jianhui Yan**, and Kening Zhu

MetaCanvas: A Toolkit for Prototyping Tessellation-Based Shape-Changing Structures by Cut-and-Configure Authoring
UIST 2026
Lina Zhang, Zhian Hu, **Jianhui Yan**, Yibin Huai, Ziqi Fang, Kening Zhu

RESEARCH EXPERIENCE

Research Intern 06/2024 – 09/2024
Human Computer Interaction Lab at Saarland University
Research advisor: Prof. Jürgen Steimle

Research Assitant 01/2025 – 09/2025
MEI Lab at the City University of Hong Kong
Research advisor: Prof. Kening Zhu

SKILLS & LANGUAGE

Hardware & Software Skills

- Software: Unity3D(C#), AR/VR, Python, Git, Matlab, Machine Learning, Qualitative and Quantitative Data Analysis
- Hardware: Electrical Muscle Stimulation, Arduino, Wearable Systems, PlatformlO, PCB, Ultrasound haptic

Language:

IELTS: 7
